

THE PROBLEM, IN TWO MEMES

YOUR ENERGY IS TRYING TO TELL YOU SOMETHING.

WHEN YOUR BODY FEELS LIKE AN ALARM

WHEN EVERYTHING FINALLY FEELS EASY

The memes are the hook — Akeso does not measure or diagnose cortisol.

TIRED DOESN'T MEAN LAZY.

People feel the outcome — low energy — but the connected signals behind it stay scattered.

ONE SYSTEM

Food · Sleep · Water

Plus stress and mood context.

OUTCOME

“Why am I so low?”

The pattern is hard to see.

Meals from what you have

NOT A DIAGNOSIS. A USEFUL PATTERN.

1

Repeated food pattern

Very few iron-rich foods logged across several days.

2

Explain, without diagnosing

"This pattern may be worth addressing."

3

One realistic next action

Spinach, eggs or salmon — using what is already nearby.

Persistent dizziness or fatigue should be discussed with a qualified health professional.
